ABOUT ME

I am **Fahad Sajid**, a **Software Engineering** student (6th semester) at **Pak-Austria Fachhochschule Institute of Applied Sciences and Technology, Haripur**. Specialized in **web development using React.js**, I have hands-on experience in **building responsive, dynamic web applications**.
I completed an **internship at SabzLand as a Web Developer** and am currently working as **COO at Technik Nest**, where I contribute to **scalable web solutions and business operations**. With strong **problem-solving, teamwork, and leadership skills**, I aim to excel in **frontend development, UI/UX optimization, and web performance engineering**.

EDUCATION AND TRAINING

BACHELOR'S IN SOFTWARE ENGINEERING

Pak-Austria Fachhochschule Institute of Applied Sciences and Technology [17/10/2022 – Current]

City: Haripur | **Country:** Pakistan | **Website:** https://paf-iast.edu.pk/

WORK EXPERIENCE

Web developer Intern

Sabzland [25/07/2023 – 30/09/2023]

City: Haripur | **Country:** Pakistan

-Developed and maintained **responsive web applications** using **React.js**.
-Optimized **UI components** for better performance and user experience.
-Integrated **REST APIs** to ensure seamless data flow.
-Collaborated with the team to **debug and enhance frontend features**.
-Implemented **state management** for efficient application performance.

Chief Operating Officer

Technik Nest [01/09/2024 – Current]

City: Haripur | **Country:** Pakistan

-Leading **web development projects**, ensuring high-quality and scalable solutions.
-Managing **team collaboration** to enhance productivity and innovation.
-Driving **technical decision-making** and process optimization.
-Expanding **client relationships** and exploring new business opportunities.

DIGITAL SKILLS

Web Development / Web Design / React Js / Java Script / Next JS / MySQL / Mongo DB / Github
Actions / Git / Linux / Python / C++ / Arduino Programming / IOT

PROJECTS

Chat Web
A **real-time chat application** built with **React.js**, enabling **multiple users** to communicate seamlessly via **text and voice messaging**. Designed with a **responsive UI** and optimized for **smooth user interactions**. Integrated **WebSockets** for real-time updates and ensured **secure and scalable communication**.

AI Chat Bot
A **conversational AI chatbot** built using **HTML, CSS, and JavaScript**, integrated with **OpenAI's ChatGPT API** to provide **intelligent and dynamic responses**. Designed with a **user-friendly interface**, enabling seamless **human-like interactions**. Optimized for **speed, accuracy

Arduino & IOT
-**Hand Sanitizer** – Touchless sanitizer dispenser using **Arduino** and sensors.
-**Smart Glove for Blind People** – Wearable device with **sensors** to detect obstacles and assist navigation.
-**Smart City** – IoT-based system for **automated infrastructure, security, and energy efficiency**.

AlbaReview Web
A **React.js and Node.js-based job platform** developed for a **Korean client**, enabling seamless **job searching and recruitment** with **real-time Korean-English translation**. Integrated **advanced translation APIs** to enhance accessibility and provide a **smooth, user-friendly experience** for both job seekers and employers.

LANGUAGE SKILLS

Mother tongue(s): Urdu

Other language(s): English

HONOURS AND AWARDS

Python Certification
Crash Course on Python – Coursera (Google)
Covered **Python basics**, including **variables, loops, functions, and automation** with hands-on exercises.

Web Development
Learned **frontend web development**, including **HTML structuring, CSS styling, and JavaScript interactivity**, to build responsive and dynamic websites.
